## THE SHOOTING

- At La Dormida Lodge the focus of the program is the perfect synergy between the personalized, small group focused, lodge experience with the very best high volume dove shooting found anywhere.
- Cordoba has long been considered the dove shooting capital of the world, with over 40,000,000 doves residing within a 100 mile radius of the lodge. The lodge enjoys 75 shooting fields all within a scenic drive through the region's rich farmland.
- Hunters can experience a wide variety of shooting scenarios throughout the year. The gorgeous, brushy hillside roosting and feeding areas offer great variety, as you can take positions down in valleys, from aside riverbeds and on the peaks and points of the hills. During the fall harvest seasons, hunters might find themselves shooting along agricultural fields of sorghum, corn and sunflowers.
- In the field each hunter will be joined by a field assistant, who will prepare your shooting blind, provide shells and refreshments and oversee your experience.
- Unlike some other outfitters, David Denies Bird Hunting field assistants are full-time professionals, with years of guiding and shooting experience. There are no young "bird boys" in the field, all of our staff are extremely knowledgeable when it comes to high volume dove shooting, and their expertise will bring your experience to the next level.

*One of the most common questions we are asked, in regard to the shooting is "What Happens to the Birds?". Each day our lodges donate hundreds of pounds of processed dove meat to Mission Esperanza Foundation. We feed 800 children per day and have already built 3 community centers with our donations and those of our guests.*
