La Torcaza Lodge, founded as a Jesuit mission in 1669, brings together historical elegance, with well appointed modern comfort.

LA TORCAZA LODGE

CÓRDOBA, ARGENTINA

La Torcaza Lodge is certainly the most exclusive pigeon shooting lodge in Córdoba, as well as in all of South America. The historical elegance of La Torcaza is characterized by an exquisite colonial style. Built in the late 1600s and completely renovated in 2007, La Torcaza lodge provides an elegant and comfortable base from which to enjoy the best pigeon shooting experience available.

At La Torcaza, pigeon hunting takes place in traditional hunting style, from natural blinds over decoys, which are strategically placed based upon skilled scouting and planning, to ensure success.

The world's most experienced guns rank the wild pigeon among wingshooting's greatest challenges. Not only are these birds fast flying, they are extremely wary, so getting them to decoy in for a shot let's you know you've done everything right.

After the hunt you will be pampered in the finest fashion, with beautifully appointed guest rooms, at an exquisite lodge, offering all of the modern comforts one would expect at the finest hotels and resorts.

Our chef will create an array of delicious traditional specialties and international dishes, paired with the finest wines, a selection of which come from our very own vineyards, rounding out a total experience that is second to none.

THE HUNTING

- At La Torcaza Lodge the program is focused on providing the very best decoyed pigeon hunting in the world. Within a 50 square mile radius of the lodge lie fields and roosts annually inhabited by over 5,000,000 pigeons. The lodge enjoys over 45 nearby shooting fields, with short scenic drives through the beautiful countryside.
- More like a “dry-land” duck hunt than a dove hunt, pigeons offer incredible sport on fast flying birds, as they both “buzz” the decoys and drop into the spread, you can expect some very challenging passing shots as well.
- Super wary, pigeons need to be given the utmost respect once you are in the blind. They will not tolerate movement and will shy off from the blind if the hunters do not remain well hidden. Our blinds are made from natural cover, and are large and comfortable enough to make hunters as successful as possible.
- Large, strong birds, pigeons can take more than you would expect to anchor them with your shot. Most of our hunters opt for 20 gauge shotguns, but 12ga are available, and 28ga offer a great challenge as well.
- Most mornings will start around 8:00 AM with a hearty breakfast, followed by a short drive to the hunting grounds. In the field, you will be joined by a professional guide, who will set up the decoys and help get you situated in your blind. You will hunt 2 guns to a blind, and your guide will be nearby, identifying birds, providing you with shot shells, refreshments and overseeing your hunt.
- Depending on the time of the year, you will shoot until just before noon, at which time you will return to the lodge and be treated to an incredible traditional Asado lunch at the lodge, featuring Argentina’s wonderful beef and our exclusive wine.
- Afternoon shoots begin at around 2 to 2:30, and continue until 5 or 6 pm, after which you will return to the lodge for cocktails at the wine cellar and early dinner.
- These birds are large and fast flying, which makes calculating their speed a bit deceptive, and so offer incredible sport both while decoying and pass shooting.

Pigeons not only fly fast and erratically, but they are also a smart and observant quarry, providing an all around sporting challenge over the decoy spread.

THE DAILY PROGRAM

- Morning will begin with a wake up call, approximately an hour before departure time.
- Breakfast will be served shortly thereafter, with everything from waffles to Eggs Benedict, all made to order.
- Hunters will depart the lodge together in a very comfortable Mercedes Sprinter van. Drives vary depending on time of the season, but range from five to thirty five minutes.
- Shooting over decoys starts shortly after arrival in your blind and continues until about Noon.
- You will return to the lodge for lunch, and some time to relax, or enjoy a siesta.
- Hunters will again depart for their afternoon hunt around 2 to 2:30pm
- Evening hunts last until 5 or 6 pm, after which you will return to the lodge, where you will be met with cocktails and appetizers as well a delicious dinner, and time to relax and discuss the day's hunt!
