WHY CHOOSE CÓRDOBA LODGE?

- Operated by David Denies Bird Hunting, the pioneers of dove shooting in Argentina since 1984.
- Like its luxurious sister lodges, La Dormida and Pica Zuro, Córdoba Lodge offers an incomparable sporting experience, but at a great value.
- With just an hour-and-a-half-hour drive from Córdoba International Airport, most flights will have you arriving in the morning, and hunting just after lunch.
- Ideal for any party from a single-family, up to a large group of hunters. With a total of eight well-appointed double-occupancy rooms, the lodge comfortably accommodates a maximum of 16 guests.
- More than 250,000 acres of land means that you will shoot a challenging mix of steep hills, sunflower fields, creeks beds, and sorghum acreage, so you can enjoy variety and quality hunting year-round.
- Ideally located for shorter drives to the best shooting grounds.
- The lodge offers comfortable “Post-Hunt” amenities, such as an outdoor hot tub, a beautiful, subterranean wine cellar for tastings, masseuse, and a newly designed fire pit where you can enjoy evening cocktails while reveling in the stories of the day.
- Luxurious living, à la carte menu, open bar with imported spirits, and the best Argentine wines. Safari-style tented lunch in the field assures a full day of hunting and no time lost driving to and from the lodge.

LOCATION

Córdoba Lodge is located in the province of Córdoba, in central Argentina, 53 miles (86 km) north of the Córdoba City International Airport. The driving time is 1 hr and 30 minutes by paved road.

Known as the “Heartland of Argentina“, the province of Córdoba boasts of its abundant natural resources and breathtaking landscapes. It is considered one of the most prosperous provinces in the country due to its thriving agricultural industry, especially in the production of soybeans and wheat. The province’s mild climate and optimal breeding conditions have also resulted in a significant population of doves, making Córdoba a world-renowned destination for dove-hunting enthusiasts.

GETTING THERE

To get to Córdoba Lodge there are daily direct flights from many U.S. cities to Buenos Aires (Ezeiza Intl. Airport – EZE). From Ezeiza you might be able to connect into a direct flight to Córdoba (Pajas Blancas Airport – COR) or ground transfer to the domestic airport Jorge Newbery – AEP (40’ to 1 hr drive), and take a 1 hr flight to Córdoba.

Once at the lodge, you are conveniently close to terrific dove fields with drives averaging 45 minutes depending on the time of the year.

Hunters may also fly into Santiago, Chile with connecting flights to Córdoba city. That will allow you to make the most of your trip as you will be dove shooting the day of your arrival (depending on the different flight schedules).

THE HUNTING

At Córdoba Lodge the focus of the program lies in the field experience. Córdoba has long been considered the dove shooting capital of the world for good reason, with millions of doves residing within a 150-mile radius of the lodge.

Hunters can experience a wide variety of shooting scenarios throughout the year, with short scenic drives through the area's idyllic countryside. The gorgeous, brushy hillside roosting and feeding areas offer great variety, as you can take positions down in valleys, from aside riverbeds and on the peaks and points of the hills. During the fall harvest seasons, hunters might find themselves shooting along agricultural fields of sorghum, corn and sunflowers. While each location offers its own special scenarios and shooting opportunities, all offer incredible numbers of fast-flying doves.

In the field each hunter will be joined by a field assistant, who will prepare your shooting blind, provide shells and refreshments and oversee your experience. Unlike some other outfitters, David Denies Bird Hunting field assistants are fulltime professionals, with years of guiding and shooting experience. There are no young “bird boys” in the field, all of our staff are extremely knowledgeable when it comes to high volume dove shooting, and their expertise will bring your experience to the next level.

One of the most common questions we are asked, in regard to the shooting is “What Happens to the Birds?”. Each day our lodges donate hundreds of pounds of processed dove meat to Mission Esperanza Foundation. We feed 800 children per day and have already built 3 community centers with our donations and those of our guests.

DAILY ITINERARY

Each morning, guests will be woken up about an hour before departure time. A delicious breakfast will be served, offering a variety of made-to-order options such as waffles and Eggs Benedict.

After breakfast, hunters will leave the lodge around 8:30 – 9:00 am. The driving time to the fields can vary significantly depending on the location of the doves and other environmental factors, but it usually ranges from 20 to 90 minutes approx., with a daily average of 45 minutes. Upon arrival at the field, hunters will be greeted by a field assistant who will guide them to their shooting positions. The head guide will also be available to provide assistance or tips if desired.

The morning shoot will take place until noon, followed by a fantastic Asado lunch served in a comfortable tent or hand-made shelter, where you will enjoy Argentina’s wonderful beef and superb wines. After lunch and a short siesta, the afternoon session begins at around 2 – 2:30. The shooting will continue until approx. 5:00 pm, but there is no strict quitting time; it depends on the shooters’ fatigue and discretion.

After the shooting day has come to an end, you will return to the lodge, where you will be met with cocktails & appetizers, followed by a delicious dinner and time to relax.

David Denies’ field assistants are full-time professionals, with years of guiding and shooting experience; all of our staff are extremely knowledgeable, and their expertise will bring your experience to the next level.
