LOCATION

Jacana is located in Lincoln, in the province of Buenos Aires, 300 Kilometers (185 miles) northwest of Buenos Aires City. We chose Lincoln as a destination because it has loads of ducks. More than you'll find at any one lodge in North America. Populations are so prolific due to several factors, including proximity to migratory routes, expectational habitat, and limited pressure on the resource. Within the Lincoln area, increased rainfall over the past fifteen years along with an extensive grain production have created ideal waterfowl conditions by providing vast amounts of marshes, ponds, lakes, and potholes allowing superior feeding and roosting nearby.

THE HUNTING

At Jacana Lodge the focus of our program is to provide an exceptional, traditional, duck hunting experience. You will be hunting morning and afternoon sessions, in a variety of locations, throughout your visit.

Blinds are well placed and scouted, providing the best possible opportunities at a number of South American duck species, including Yellow-billed Pintail, Speckled Teal, White-faced Whistling Duck, and the sought after Rosy-billed Pochard, to name a few.

Depending upon location, hunters will be placed in double dry blind, or large dry, sunken “buckets” which are basically an individual pit blind, or on platform-pallet blinds.

You will hunt well maintained, species-specific, decoy sets and motion decoys. Your guide will be nearby, to assist with bird identification, calling and anything else you may need throughout your hunt.

Having been established for twenty seasons, Jacana Lodge has acquired exclusive rights on nearly all of the hunting grounds that surround the lodge, for miles in each direction. This has allowed us years of thoughtful management and stewardship of the water impoundments, and hunting resources, giving us the ability to carefully manage the duck hunting, ensuring the best possible experience for you, the hunter.

Optional Perdiz Shooting

Perdiz shooting is available on afternoons for guests who wish to add a traditional upland experience to their stay. A maximum of four hunters may head to the field at a time, guided two hunters per dog by experienced handlers.

Hunts are conducted over well-trained English Pointers and German Shorthaired, delivering the classic walk-up style that beautifully contrasts with the morning waterfowl shoots. The standard is approximately twenty flushes per hunting session, with a limit of seven Perdiz per hunter per afternoon.

DAILY ITINERARY

Morning will begin with a wakeup call, approximately an hour before departure time. Breakfast will be served shortly thereafter, with everything from waffles to Eggs Benedict, all made to order. Hunters will depart the lodge well before sunrise. Drives vary depending on water conditions, but range from ten to forty-five minutes.

Shooting over decoys starts at first light and continues until 10 am or after. You will return to the lodge for lunch, and some down to relax, or enjoy a siesta.

Hunters will again depart for their afternoon duck hunt around 3pm. Evening hunts last until dark, after which you will return to the lodge, where you will be met with cocktails and appetizers as well a delicious dinner, before retiring for the evening.

One of the many blind set ups, you'll typically find on our nearby lagoons.
